To Whom It May Concern:

This is a letter confirming that Anil Bheemaiah has been accepted to the Quantic School of Business & Technology Executive MBA program which begins on April 21, 2025. This is a 15-month program designed for the professional who wants to develop strategic thinking skills within a rigorous quantitative program. Students develop core skills in finance, accounting, and data science, then build proficiency in key business functions, such as management, marketing and entrepreneurship. As a part of the program, students will work on interactive group projects and case studies with their classmates in addition to completing remote lessons on their own. We also offer optional in-person networking weekends as a part of the program.

Quantic is accredited by the Distance Education Accrediting Commission (DEAC), listed by the U.S. Department of Education as a recognized accrediting agency. We offer online degree and non-degree programs to learn business through interactive methods.

Anil has been awarded scholarships totaling \$11,250 off the full tuition of \$14,250.

The reduced tuition of \$3,000 may be paid in a single up-front transaction, two equal halves, or 15 monthly payments. There is an additional payment reduction for paying in full (\$2,500 total.)

If you have any questions regarding Anil's admission, feel free to reach us via email at [admissions@quantic.edu](mailto:admissions@quantic.edu), or you may contact me personally.

Best regards,

*Gavin Moore*
